

CHURCH LEGACY

A lasting gift to your church

Remembering All Souls Parish Church in your Will means our building can thrive, and we can serve and help even more people for years to come.

Legacies are vital to the future of our building and our work. Your gift lets us plan for the future, knowing we can keep the church doors open, continue to support homeless and vulnerable people and ensure the Christian work we do is at the heart of communities.

It costs thousands of pounds a year to provide a safe sanctuary. But through this work, we can change the lives of so many people. We're determined that everyone who comes to All Souls, for whatever reason, finds a warm welcome space among the faithful disciples of Jesus Christ.

Leaving a legacy to All Souls is a quick and easy way to give. If you already have a Will, usually you just need a small amendment.

No matter how large or small, a legacy gift (a gift in your will) enables churches to play their part in the unfolding Christian story in their local community.

Every penny we receive is essential to every person who needs us. However large or small your gift, a legacy can be life-changing for generations to come.

A gift in a Will is the start of a stronger future.
